CUSTOM DESIGNS | ENJOY OUR LATEST DREAM HOME.

We so love Victorian homes that we collaborated with Design Forte LLC to create this Queen Anne design, named it *Sunnyside*, and drew up the plans. It's a classic—copper finials on all turrets; a sweeping wraparound porch; and a delightful farmhouse interior with a show-stopping central rotunda and spiral staircase.

Dream Home Details

Throughout

- Window plans bring full, natural light into every room
- Extensive use of granite and marble
- Hardwood floors

Exterior

- Copper turrets provide traditional and stately presentation
- Covered porch flows around three sides
- Stone exterior fireplace on the deck

Main Floor

- Large foyer area with adjoining study and parlor
- Grand rotunda and staircase
- Formal dining room
- Large family room with fireplace and access to patio
- Kitchen with nook, pantry and large center island; and access to covered porch
- Great room with fireplace
- Guest bedroom with a full bath and kitchenette
- Mud room and laundry

Upper Level Loft

- Master suite with fireplace, and two additional bedrooms
- Master bath includes bathtub set in turret with wraparound windows, and a kitchenette
- Additional bedrooms have full baths, and are separated by a loft and turret with wraparound windows
- Bonus room and flex space with plumbing for a second laundry
